

**PETITION TO TEHAMA COUNTY BOARD OF SUPERVISORS  
AND ELECTIONS CLERK**

**to hand count the November 8, 2022 election ballots and races**

Voters of Tehama County, California are entitled to a free and fair election and to the assurance that our local elected officials are taking our concerns seriously. It is clear to those of us who have signed this petition that United States elections are rife with suppression and apparent fraud in several states. Informed voters are aware that machine votes can be rigged.

We are concerned that the unthinkable is happening in our elections locally and across the United States - our votes are being suppressed and/or fraudulently changed - and we are not able to elect our chosen candidate.

We therefore petition the Tehama County Board of Supervisors and the Tehama County Elections Clerk to ensure and validate the Tehama County election(s) by performing a hand count of the ballots, AND EACH RACE independently, for the November 8, 2022 mid-term election and all future elections.
